Accessibility Statement

Preamble

Legislative Decree No. 82 of May 27, 2022, transposed Directive (EU) 2019/882 of the European Parliament and of the Council of 17 April 2019 on the accessibility requirements for products and services.
Guidelines on the accessibility of services, pursuant to Article 21 of Legislative Decree No. 82/2022.
The decree was published in the Official Gazette (General Series No. 152 of 01-07-2022) and came into force on July 16, 2022; however, the related provisions will be effective from June 28, 2025.
I.V.A.R. S.p.A. is committed to making its websites accessible in accordance with Law No. 82 of May 27, 2022, which transposes Directive (EU) 2019/882 of the European Parliament and of the Council on the accessibility requirements for products and services.
This accessibility statement applies to the website: https://www.ivar-group.com

Service description

We present the heating and plumbing systems manufactured by IVAR. You can view the full catalogue online and download sales documentation. You can also fill in the form to request further information and/or register for the members' area to access technical documentation.

Compliance Status

The website https://www.ivar-group.com is partially compliant with the requirements of Annex A of UNI EN 301549:2018 (WCAG 2.1) due to the non-conformities and/or exceptions listed below.
I.V.A.R. S.p.A. is currently working with its providers to analyze and implement the necessary interventions to make the websites compliant with accessibility standards.

Non-accessible Content

The following content is not accessible because it does not conform to the harmonized standard EN 301 549:

Some individual pages contain images without captions. Navigating to these images using screen readers is difficult.

- Many pages contain links without descriptive link text.

- On all pages, the contrast between text and background is too low.

- Some individual pages contain iframe elements without captions. Navigating to iframes using screen readers is difficult.
- In certain pages, the language declared in the HTML does not match the actual page language.
- Some forms on individual pages lack proper labels, making it difficult for screen reader users to identify form fields.
- Some headings on various pages lack captions or contain the aria-hidden attribute, making them inaccessible to screen readers.
- On most pages, the declared language does not comply with BCP 47 standards, which affects readability by assistive technologies.
- Some pages include iframe elements that already have labels assigned, but if these are not clearly defined, they may confuse screen reader users.
- Invalid aria attributes are present on many pages, which are not recognized by screen readers and thus not rendered correctly.
- On many pages, parent elements lack required child elements. This can confuse screen reader users by indicating content that does not exist.
- Many pages contain important areas marked with the role region but without labels, preventing screen reader users from understanding the purpose and content of those regions.

Development and Evaluation

Code updates and future developments have been and will continue to be made in accordance with the WCAG 2.2 guidelines.

This declaration was prepared on 27.06.2025 based on a self-assessment conducted by the provider in accordance with the requirements of Directive (EU) 2019/882.
The statement was generated with the support of Eye-Able® technology by Web Inclusion GmbH.
More information about Web Inclusion GmbH is available at https://eye-able.com/it.

I.V.A.R. S.p.A. is working with its suppliers to implement the necessary changes to ensure accessibility compliance.

With the goal of progressively improving the web experience for its users, the company has proactively implemented the Eye-Able® SaaS software by Web Inclusion GmbH.

This functionality allows for accessibility audits to scan individual pages for digital barriers, provide detailed explanations of the issues found, suggest alternative code, and offer tools that enhance navigation for website users.
The company is committed to ensuring all current and future code developments align with WCAG 2.2 guidelines.

Feedback and Contact Details

Do you have a comment or a report regarding barriers on this site? Please contact us. We will explain what barriers exist and how we plan to improve our digital environments. We will respond as quickly as possible. Thank you for your feedback.
